

Harrow Green Grid Draft Project Schedule

Project number	Project name	Strategic project	Harrow No.	Borough / Locality	Project description, status and next steps	Project size (ha / m)	Project owner	Associated programmes	Identified delivery capacity Delivery agency	Total cost	Funding in place	Funding required	outstanding Funding bids	Private Sec sought
11.1	Belmont Trail													
11.1.01	Belmont Trail (Christchurch Avenue Harrow to Bentley Priory Open Space)		1	Harrow	<p>COMPLETE PEDESTRIAN & CYCLE LINK TO GREENBELT / MANAGE FOR HABITAT DIVERSITY: Green Corridor pedestrian and cycling connection and wildlife corridor on Belmont disused Railway Line, northwards from Christchurch Avenue to Belmont Circle. Belmont Trail footpath improvements Belmont Circle to Stanmore Golf Course. Vegetation/rubbish clearance works adjacent to Stanmore Golf Course to link to Montrose Walk. Funding for some work from LB Harrow and TfL as part of Cycling on Greenways, working on Belmont line to link new linear open space. Possible land acquisition or negotiation of link route. Track in Wolverton Road area tree covered (north end of golf course), land search for ownership, adjacent to substation to enable connection of Belmont Trail and discussion with EDF for possible route past substation. Tree, shrub and vegetation clearance, work to control Japanese Knotweed and new planting.</p> <p>Possible negotiation with Stanmore Golf Course for linking footpath route and renew dilapidated fence if required. Montrose Walk to north, tree clearance at south entrance and opening up trees to increase light and open up overgrown footpath route, footpath works to reduce gradient of access to north entrance, bridge improvement works, signage and waymarking to link pedestrians and cyclists through, Belmont Trail, Montrose Walk, Stanmore Park, linking to Bentley Priory Open Space and London Outer Orbital Path (LOOP) link. Improve access for pedestrians at Christchurch Avenue.</p>	3383m	Dave Corby/ Paul Newman		Cycling on Greenways					
11.1.02	Links at north end of Trail to Greenbelt. Old Lodge Way and Stanmore Country Park		34,96, 77,85	Harrow	<p>INSTALL UXBRIDGE RD and GORDON AVENUE CROSSINGS, STREET TREE PLANTING, SIGNAGE: Old Lodge Way infill in spaces between existing street tree planting to act as Green Grid connection for Bentley Priory Open Space to Stanmore Park. Replace dead trees in Stanmore Park. Investigate possible signage and tree planting where possible in Stanmore Town Centre to act as gateway to the Green Grid connecting Stanmore Park to Stanmore Country Park, linking Rectory Lane, Bernays Gardens. Amner Lodge development opportunity to form green link Stanmore Broadway to Stanmore Recreation Ground and Stanmore Country Park.</p>	4 ha	Patrick Prendergast							
11.1.03	Links at south end of Trail to Harrow Town Centre, Byron Recreation Ground and Kenton Park		37,60, 61	Harrow	<p>ESTABLISH ROUTES THROUGH PARKS, ALONG STREETS; INCLUDE TREE PLANTING, SIGNAGE : Tree lined streets in Christchurch Avenue (part) - Kenmore Avenue to act as gateways to the Green Grid connecting Byron Recreation Ground / Belmont Trail to Kenton Recreation Ground. Crossing point on Christchurch Avenue for safer routes to school and pedestrian movement to link to Priestmead and Elmgrove First and Middle Schools and to connect with Belmont Trail to Kenton Recreation Ground and Byron Recreation Ground and Harrow Leisure Centre. Crossing points on Locket Road for safer routes to school and pedestrian connections to link to Belmont First and Middle School and St Josephs RC School and connect to Green Grid.</p>	595 m	Patrick Prendergast/ Barry Phillips/ Robert Agutter							
11.1.04	Kenton Recreation Ground		11	Harrow	<p>WORKS TO IMPROVE CONNECTIVITY AND ECOLOGICAL DIVERSITY: Kenton Recreation Ground is the opportunity to create and develop a green communications hub, linking up with the town centre, commercial areas, Kenton and Wealdstone. Landscaping and access improvements to encourage more people to use the public park. Improve cycle links between Kenton, Harrow Town Centre and Belmont. Construct a new footpath round the outside of the park to provide a linking through route for pedestrians and cyclists, planting trees and shrubs in the park. Bridge, improve safety and visibility for park users. Refurbish tennis courts into a multisports area, reintroduce tennis, add cricket, volleyball, French boule (petanque), develop wildlife area, sensory garden, play area, green gym.</p> <p>Focus on community links, education and horticulture. Establish a youth horticulture programme using existing Larches Trust, horticultural Charity and linking to existing allotments. Existing bowls club to be refurbished for use by Larches Trust.</p> <p>Deculvert Wealdstone Brook within park, water course large diameter, remove pipes, construct attenuation ponds to slow water flow and reduce flooding issues of Wealdstone Brook in Harrow and Preston Road and The Mall in Brent. To restore Wealdstone Brook would require dealing with contaminated land - issue of existing land fill material in the park, any removal required to be carted away to special tip, and deal with sewer network and additional landscaping that would involve excavating down to bed level (almost 3m down). Project to improve water quality of the Wealdstone Brook would contribute towards its ecological status and meeting the targets of the Thames River Basin Management Plan.</p>	21ha	Dave Corby/ Mick Bradshaw			Deculverting and water management £5,000,000 approx. and park works £2,000,000 approx				
11.1.05	Stanmore Park		85	Harrow	<p>ENCOURAGE MANAGEMENT FOR BIODIVERSITY: Replacement of dead trees</p>	3.7 ha	Patrick Prendergast		Laing Homes? (POS not handed over)		£7k - S.106			
11.1.06	Temple Pond			Harrow	<p>ENCOURAGE WORKS TO IMPROVE BIODIVERSITY:</p>	0.85 ha								
11.1.07	Bernays Gardens		77	Harrow	<p>IMPROVE LINKS BETWEEN STANMORE COUNTRY PARK AND STANMORE PARK: Consider potential future uses of Cowman's Cottage and Cowsheds, including repair and redevelopment opportunities. Listed wall enclosure, brickwork repairs, replacement gate design, formation of second access point through wall. Consider requirements for major restoration and improvements to public gardens.</p>	0.34ha				£400,000	£100,000	£300,000		
11.1.08	Lowlands Recreation Ground				<p>WORKS TO IMPROVE CONNECTIVITY: Lowlands Recreation Ground is the opportunity to comprehensively improve the whole of the park, linking up with Harrow Town Centre and the rear of the train station and providing a greenlink to the adjacent Grove Open Space. Landscaping and access improvements to encourage residents, shoppers, workers and students from Harrow College to use the public park. Improvements to include new more welcoming entrances and enhancements to the park, raised table for level crossing for pedestrians / car turning area, a new path cutting through, removal of the perimeter fence to increase public safety and access, new tree and shrub planting, installation of benches and bins, a sculpture area, opening up the area, thinning of trees and removal of dense shrub planting to improve safety and light levels and visibility/ permeability for park users. Mounding to create seating/ outdoor performance area and new sitting area</p>		Phil Greenwood		L B Harrow					
11.1.09	Stanmore Golf Course			Harrow	<p>Investigate provision of dry wet ponds within Stanmore Golf Course to provide upstream storage for the Wealdstone Brook, in line with the Drain London Surface Water Management Plan. Soft landscape engineered attenuation area combining blue corridor walk with Green Grid, - links through to the Belmont Trail.</p>		Mick Bradshaw							
11.1.10	Harrow on the Hill				<p>New gantry to replace the missing historic gantry and sign, in collaboration with Harrow Hill Trust.</p>									
11.1.11	Capital Ring				<p>Improvements to the Capital Ring - footpath restoration works, signage, planting.</p>									
11.2	Western Rivers													
11.2.01	River Crane: The Yeading, The Roxbourne and Roxbourne Return Arm		24	Harrow	<p>MANAGE RIVER CORRIDOR TO IMPROVE BIODIVERSITY AND INCREASE USE: Improve very poor water quality of the stream, The Roxbourne flowing in a concrete channel through Newton Park West, redefine the channel, construct timber revetment, shallow scrape of channel, native planting and encourage marginal growth, create new habitats and biodiversity. In Newton Farm Ecology Park open up and clear vegetation around The Roxbourne stream. The two parks and river lie within Newton Park and Newton Park Ecology Centre (Site of Local Importance for Nature Conservation) and improvement works to the river and river banks would improve the park and increase wildlife habitats. Improve poor water quality, strip vegetation and improvement works to discourage fly tipping round Roxbourne Return Arm, south of Learner Drive. New revetment on river banks, offline filter beds, establish reed beds, increase water flow. Create new wetland habitat for biodiversity. Newton Farm Ecology Park</p>	1799m	Mick Bradshaw							
11.2.02	Yeading Walk trail system (Roxbourne Park to Headstone Manor/Pinner)		5,64, 65, 80	Harrow	<p>Extension of Yeading Walk (Yeading Brook Site of Borough Importance for Nature Conservation Grade II) to provide a pedestrian link from North Harrow station to Village Way and continuing to Roxbourne Park. Improve entrance treatment at Northumberland Road, check path condition and refurbish, where required, add to street planting in Church Avenue, investigate feasibility of lighting installation and areas with public access to be opened up. Signage and street tree planting to link Village Way to Roxbourne Park and Roxbourne Rough. Construct steps to improve public access into Roxbourne Rough Nature Reserve (Site of Borough Importance Grade 1). Feasibility study, Design, Consultation and Implementation of Cycling on Greenways study, to introduce cycle links through Roxbourne Park, linking to roads and cycle routes surrounding park. Feasibility study, Design, Consultation and Implementation of Cycling on Greenways study, to introduce cycle links through Headstone Recreation Ground, linking to roads and cycle routes surrounding park.</p>	44.95 ha	Dave Corby/ Sajjad Farid / Paul Newman		L B Harrow					
11.2.03	R Crane: Yeading Brook & Roxbourne Park regeneration and restoration		9,10	Harrow & Hillingdon	<p>RESTORATION AND REGENERATION OF RIVER AND PARK TO IMPROVE BIODIVERSITY AND INCREASE USE: Roxbourne Park is the opportunity to create a green communications hub, linking London Borough of Harrow and neighbouring Hillingdon. Feasibility study required to look at the development, management and maintenance of this park. Improvements to infrastructure, entrances, features, playground improvements, new landscaping and planting, Remove Yeading Brook culvert, open out Brook and install a bridge, footpath clearance and improvements, thin out tree line and vegetation, remove some willows, re- establish footpath, signage, encouraging areas for wildlife, increasing the activity in the park to provide natural increase in surveillance, clearance of Japanese Knotweed. Roxbourne Rough, enhancing and managing the ecology of the site, improve entrances and access to the site to encourage more people to use the park. Higher profile for volunteer warden, from Harrow Nature Conservation Forum.</p> <p>The Crane Valley Partnership (includes LB Harrow and other London boroughs in catchment, London Wildlife Trust, public, voluntary and private stakeholders) set up The Crane Valley Project in 2007 with initial funding from Heritage Lottery Fund. The aim is to develop a co-ordinated strategic plan that will raise awareness and support appropriate action for conservation restoration or new approaches to design and management of the River Valley. This strategy will operate across political and geographical boundaries, as part of a regional approach to planning in west London. A strategy for enhancing the quality of green spaces that border the river and improving the links between them is now underway.</p> <p>The Crane Valley Project hopes to raise funds to enable a three year programme of conservation and community activity concentrating on target areas along the river. In Harrow this includes projects to improve access along the Yeading Brook and treatment of noxious weeds such as Japanese knotweed. The creation of wet woodland and new meadow land is also a possibility. Roxbourne Park and Roxbourne Rough could also benefit. Footpath clearance and improvements, thin out tree line and vegetation, remove some willows, re- establish footpath signage, encouraging areas for wildlife, increasing the activity in the park to provide natural increase in surveillance.</p>	20.1 ha	Dave Corby/ Mick Bradshaw							

Funding notes	Date on site (assuming funding) * 2019	Long term management

Project number	Project name	Strategic project Harrow No.	Borough / Locality	Project description, status and next steps	Project size (ha / m)	Project owner	Associated programmes	Identified delivery capacity Delivery agency	Total cost	Funding in place	Funding required	outstanding Funding bids	Private Sec Sought
				This includes improvement of sports facilities, infrastructure path works, incorporating cycle routes through park, integration with the heritage centre and heritage aspects of the park. Make the park a welcoming place, improving signage and safety, biodiversity, looking at sustainable issues in the park. Improving the parks status as a vital walking link for local schools. Use biodiversity surveys. Complete reinstatement of playing fields following remediation works to contaminated silt. Carry out all necessary works to achieve Green Flag Status.									
11.2.06	River Pinn (Colne): Celandine Route links	8,18, 67,91	Harrow & Hillingdon	Cross borough link of Celandine Route along River Pinn, Eastcote to Pinner. Clearance, footpath improvement works. Signage to ensure legible connections between West House, Pinner Memorial Park and street connections to Headstone Manor and improvement of access to heritage resource in town centre. Carry out all necessary works to achieve Green Flag Status at Pinner Memorial Park. This includes improvement of sports facilities, infrastructure path works, incorporating cycle routes through park, Make the park a welcoming place, improving signage and safety, biodiversity, looking at sustainable issues in the park. Improving the parks status as a vital walking link for local schools.	8.56 ha	Dave Corby/ Harrow Heritage Trust	management plan						
11.2.07	River Pinn: Pinner Park Farm corridor and Woodridings Brook	17,18, 19	Harrow	River Pinn adjacent to Parkview allotments and St Thomas' Drive impounding reservoir. A bridge has been installed. Opportunity for joint working with Environment Agency to improve the blue river corridor network and improve water quality, open out allotment area, improve biodiversity. inaccessible area, remove dense vegetation, create riverside walk and improve pedestrian accessibility. Include Woodridings Brook and River Pinn and Guerneys Pond, open footpath links. Improve access for school children for outdoor studies of biodiversity, mini beasts. Signage to provide potential linkage. Investigate potential links into Pinner Park Farm and to Grims Dyke. Open out areas, widen footpath and provide signage, improve accessibility and security.	3013 m	Mick Bradshaw							
11.2.08	Pinner Park Farm			MANAGE HEDGEROWS FOR BIODIVERSITY AND ARCHAEOLOGY: Sympathetic field management to encourage wildlife									
11.2.09	Harrow Arts Centre, Hatch End	86	Harrow	Maintenance / upgrade of Harrow Arts Centre		??? Jo Saunders		Catalyst Communities Housing Association Ltd		£15K - S.106			
11.2.10	Montesoles Playing Fields and Grim's Ditch	21	Harrow	Implementation of environmental improvements identified in the existing Grim's Ditch at Pinner Green management plan. Grim's Ditch and Pinner Green (Site of Borough Importance Grade II). Possibility of English Heritage support and funding to manage Grim's Ditch.	3.2 ha	Dave Corby		Catalyst Communities Housing Association Ltd		£15K - S.106			
11.2.11	Harrow and West Harrow Recreation Grounds	62,63, 59	Harrow	Feasibility study: Design, Consultation and Implementation of Cycling on Greenways to introduce links through and to the Recreation grounds. Safe crossing point on Shaftesbury Avenue to link West Harrow Recreation Ground to Grange First and Middle School, tree lined streets in Welbeck Road - Tintern Way - Welbeck Road - Eliot Drive - Maryatt Avenue to act as gateway to Green Grid to connect pedestrians and cyclists West Harrow Recreation Ground - Newton Farm Ecology Park.	21.45 ha	Barry Phillips/ Rob Agutter and Patrick Prendergast/ Sajjad Farid / Paul Newman							
11.2.12	Harrow Recreation Ground, Play Area	87	Harrow	Play facilities (at Gayton Rd Car Park and Neptune Point) suitable for ages 12 and over at Harrow Recreation Ground, possibly green gym	0.2 ha	Dave Corby			Fairview Enfield & London Underground & Parkridge		£50K - S.106	50K & 25K	
11.2.13	Roxborough Bridge	58	Harrow	Improvements for access and safety of pedestrians and cyclists under and around Roxborough Bridge, upgrade hard and soft landscape and visual appearance. Replant with shrubs around Roxborough Bridge area. Signage to connect Harrow Recreation Ground to The Grove Open Space and historic heritage resource and footpath network of Harrow on the Hill.	0.16 ha	Dave Corby / Richard Michalski			Developer				
11.2.14	St George's Field	73	Harrow	Potential Village Green, Subject of a planning application for residential development on part, with open space on remainder. Follows previous appeal decision where Inspector concluded that the principle of residential was acceptable but subject to resolution of the open space management issues. Application to be considered by Planning Committee in September. meanwhile, an application under S15(1) of the Commons Act 2006 has been received for the use of the field as a Town Green. Currently undergoing consultation pending eventual report to Scrutiny and General Purposes Committee in late autumn.	0.5 ha								
11.2.15	Woodlands Open Space and Green Lane 2000	98	Harrow	Safe route to St John Fisher School and links to allotments and North Harrow Town Centre. Negotiate access through Green Lane 2000 (Millennium Walk), suggest management brief for residents and management for Open Space, signage. Woodlands Open Space change management regime for biodiversity. Investigate ownership of land. Improvements around river and car park and improvements to footpath route, new footpath, tree and shrub planting, improve biodiversity. Make the park a welcoming place, improving signage and safety.	2.1 ha	Dave Corby							
11.2.16	Kodak	100		Strategic route to provide connecting through private land, subject to negotiation. A proposed strategic route would aim to establish sustainable transport connections with cycle and pedestrian routes through the site, and create links to Headstone Manor which would enhance it as a distinctive destination for Harrow, while providing access to the open green space beyond. Land Securities has entered into a development agreement with Kodak and welcomes inclusion of this project and will seek to identify the most appropriate route as part of future masterplanning exercises. It is anticipated that proposals for the Kodak factory and sports ground/ car park sites will seek to build on and integrate with the green infrastructure improvements proposed within Wealdstone.									
11.2.17	Roxeth Recreation Ground			Improvements to park, retaining Green Flag status including habitat creation on former bowling green, development of picnic site and interpretation.									
11.3 River Brent													
11.3.01	Edgware Brooks Paths	2, 70, 78, 79	Harrow	Brent Catchment Partnership (includes Environment Agency, London Boroughs in Brent Catchment, British Waterways, Herts & Middlesex Wildlife Trust and Natural England). This new partnership is involved in formulating a strategic approach to improving river and riverside. Currently the eradication of non-native invasive weed species (listed under Schedule 9 of Wildlife and Countryside Act 1981) is being investigated. Other items on the list include improving water quality and streamside habitats. The pooling of resources between partners is proposed, including the sharing of knowledge and expertise and where applicable applying for external funding and/or contributing into a common fund to buy in labour/equipment in the most economic way possible.		Environment Agency (Neale Hider)							
				Improve footpath connection alongside the Edgware Brook, between Chandos Recreation ground and Edgware Road. Safer crossing point on Camrose Avenue to connect to Chandos Recreation Ground Open up route, vegetation removal, clear and relay footpath, river improvements opening up the timber/ concrete channel. Main river may require input from Environment Agency. In Chandos Recreation ground investigate possibly of constructing a meander in river and install timber decking platform for pond dipping. Construct footpath to rear of 9-17 High Street, Edgware, to connect to footpath along Edgware Brook. Construct footbridge to connect to footpath link adjacent to Edgware Brook. Construct footbridge to connect to footpath link adjacent to Edgware Brook.		Mick Bradshaw/ Dave Corby/ Barry Phillips/ Rob Agutter							
11.3.02	Edgware Brook: link to Belmont Trail	33	Harrow	LINKS TO BELMONT TRAIL: Signage and street tree planting in Old Church Lane - Abercorn Road and Old Church Lane - Wolverton Road to act as Green Grid connections for Canons Park / Stanmore Marsh link to Montrose Walk and The Belmont Trail.	1080m	Patrick Prendergast							
11.3.03	Stanmore Marsh	12, 4	Harrow	Implementation of environmental improvements identified in the existing Stanmore Marsh management plan. River Stanburn (part of Edgware Brook). Remove timber retaining walls on River Stanburn (part of Edgware Brook) and create marshy areas and plant with marginals. Improvement to pond and some vegetation clearance in woodland. Proposals being examined by Environment Agency. Revise management plan for northern section and prepare an environmental management plan for the southern section of Stanmore Marsh. Improvements to Stanmore Marsh (Site of Borough Importance for Nature Conservation, Grade II) to provide green link between Honeypt Lane development and the entrance to Canons Park. Tidy verge, open up woods, scrub clearance, open up area and widen footpath link and tree planting along Marsh Lane, Wildcroft Gardens to Canons Park Extension and refurbish gate to, vegetation clearance work and improvement to green footpath link to Canons Park. Investigate Canons Park streets to north, possible signage and tree planting.	4.35ha	Dave Corby/ Mick Bradshaw							
11.3.04	Canons Park & Lakes	88,76, 89	Harrow	Management Plans and investigate funding for works required. Historic Park Restoration Project. Monitor to ensure compliance with HLF grant conditions, liaison with 'Friends of Canons Park', review further opportunities for future improvements. Activity days with Friends Group for training and to develop skills. Management works to The Woodland Walk and Spinney. Historic ha ha, work in partnership with Friends of Canons Park to investigate possibility of structural restoration. Management Plans and investigate funding for works to Seven Acre Lake required.	23.6 ha	Dave Corby		Canons Park Residents Association					

Funding notes	Date on site (assuming funding)	Stage *	Long term management
---------------	---------------------------------------	---------	----------------------

Developer to carry out works secured under s278 from Neptune Point, 19 Pinner Road, (former Travers Perkins site)

Planning application refused. Depends on outcome of appeal to be heard at Public Inquiry in May 2011

Project number	Project name	Strategic project	Harrow No.	Borough / Locality	Project description, status and next steps	Project size (ha / m)	Project owner	Associated programmes	Identified delivery capacity Delivery agency	Total cost	Funding in place	Funding required	outstanding Funding bids	Private Sec
11.3.05	Dalkeith Open Space		14	Harrow	Dalkeith Open Space adjacent to Dalkeith Grove, dense woodland to north and open space to south. Thin existing vegetation around tributary of Edgware Brook. Incorporate Brook into open space. Thin and regenerate woodland area. Include river dipping area and install new bridge.	1.6 ha	Dave Corby and Mick Bradshaw							
11.3.06	Queensbury Recreation Ground		13	Harrow	Remove chainlink fence separating Kenton Brook from Queensbury Recreation Ground and secure adjacent property boundaries, improve water quality of Kenton Brook, a main river - redefinition of channel, open up a section of river and incorporate with reed bed filters and include the river into the park. Work with local schools to encourage greater curriculum use of the park. Renovate tennis courts, replant areas to enhance security, safety and visual appearance. Relay parks path network, improving infrastructure.	6.8 ha	Dave Corby and Mick Bradshaw							
11.3.07	Chandos Recreation Ground, Play Area		83	Harrow	Off site play area (former government buildings, Honeypot Lane, Stanmore Place) of a new children's play area or youth area within 1 kilometre of the site.	0.2 ha	Dave Corby			Berkeley Urban Renaissance		£75K - S.106		
11.3.08	Stanmore Place, Public Art		82	Harrow	Provision of Public Art on the Site of Stanmore Place	N/A				Berkeley Urban Renaissance		£50K - S.106		
11.4	Greenbelt													
11.4.01	Stamore Common		6	Harrow	Habitat, public safety and access improvements.									
11.4.02	Stanmore Country Park and Pear Wood		15, 95	Harrow	Stanmore Country Park. Improvements to existing water attenuation site. Improve native planting and biodiversity. Signage, accessibility and security (for example fencing). Prepare biodiversity brief. Fencing in preparation for grazing and introduction of cattle on Forty Acre Field at Stanmore Country Park to improve biodiversity. Investigate grazing options.	40 ha	Dave Corby and Mick Bradshaw							
11.4.03	Caesars Pond		7,94	Harrow	Caesars Pond. Little Common (Site of Metropolitan Importance for Nature Conservation), removal of silt to form bund along northern edge of site, build up of marsh area with silt and replanting of marginal species in pond. Tree removal to reduce shading and leaf fall and enhance wildlife in and around pond. Post silt removal from Caesars pond, involvement of volunteers, Harrow Nature Conservation Forum (HNCF) and British Trust for Conservation Volunteers (BTCV) in vegetation management.	0.6 ha	Mick Bradshaw			shared from the £78K Pynding Mersc	BAE Spending Plan - S.106			
11.4.04	Old Redding Complex (includes: Harrow Weald Common, The City and Grimsdyke Open Space)		71	Harrow	Site of Metropolitan Importance - Implementation of environmental improvements identified in the current (2010-2015) management plan, further improvements to footpaths, and installation of benches. LAA money available for use on Council owned land. Management and interpretation of ancient monument to include signage.	32 ha	Dave Corby	management plan	Walk London		£9.5k LAA Money			
11.4.05	Land at Bentley Priory (The Common, Stanmore)		81,72	Harrow	Implementation of capital works recommended under management plan for Bentley Priory Open Space and SSSI, including scrub clearance, increased grazing, new fencing, nature trail, habitat creation.	87 ha	Dave Corby/Bentley Priory Management Board							
11.4.06	Oxhey Lane		16	Harrow	Oxhey Lane flood storage area and control structure, attenuates water. Blue corridor route and open up walking routes.		Mick Bradshaw							
11.4.07	Pinner Hill Golf Course		20	Harrow	Pinner Hill Golf Course, environmental improvements to existing flood defence, management of attenuation ponds and surroundings, connecting to circular walk, part of London Outer Orbital Path (LOOP), through Pinnerwood Farm and linking to Grim's Dyke Golf Course. Reinstate bridleway surface.		Dave Corby and Mick Bradshaw							
11.4.08	Grim's Dyke Open Space		93	Harrow	Working in partnership with tenants of Grimsdyke Hotel to develop an improvement plan for the historic open space and gardens.	19 ha	Dave Corby							
11.4.09	Watling Farm Woodland		66	Harrow, Barnet, Hertfordshire County Council, Hertsmere	Improve rights of way footpath network links, interpretation and signage. Improve access to encourage more people to use the Watling Chase Community Forest. Watling Farm Woodland sustainable woodland management, for example, green energy, charcoal for BBQ and improve public access, connections and signage.	28.6 ha	Dave Corby							
11.4.10	London Loop		99		Improvements to London Outer Orbital Path - (LOOP), Signage for linking route, stiles, gates, fencing works, footpaths and planting.	9142 m	Dave Corby							
11.4.11	Aldenham Country Park Link			Harrow / Herfordshire County Council	Investigate possible linking and signage to Aldenham Country Park, across Harrow boundary, in consultation with Hertfordshire									
11.4.12	Brockley Hill			Harrow	New park developed. Potential important link to the edge of Stanmore County Park. Possible installation of a kissing gate.		Dave Corby							
11.4.13	RNOH				New Green Infrastructure and Transport links									
11.5	Street Trees													
11.5.01	Street Tree Planting (Borough-Wide)		25 - 57	Harrow	Street Tree planting Green Grid connections listed below: Project Numbers 25 - 57									
	Bonnorsfield Lane		3	Harrow	General maintenance and lighting improvements to Bonnorsfield Lane, street tree planting to connect town centre by green link to Kenton Recreation Ground		Patrick Prendergast							
	Pinner View		25	Harrow	Street tree planting linking Headstone Manor - West Harrow Recreation Ground		Patrick Prendergast							
	The Vaughan Centre, Wilson Gardens		26	Harrow	Signage and Street tree planting linking Headstone Manor - West Harrow Recreation Ground		Patrick Prendergast/ Barry Phillips			Twinlock Investment Limited		£6K - S.106		Public Realm Monies
	Northwick Walk - Sheepcote Road - Station Road - Railway Approach - George Gange Way		27	Harrow	Street tree planting linking Northwick Walk - Wealdstone Town Centre		Patrick Prendergast							
	Elmgrove Road and Hindes Road		28	Harrow	Street tree planting linking Station Road (town centre link) - Kenton Recreation Ground - to Harrow Recreation ground		Patrick Prendergast							
	Gayton Road - Northwick Park Road - Bonnorsfield Lane		29	Harrow	Street tree planting linking Kenton Recreation Ground - Harrow Town Centre		Patrick Prendergast							
	Kenton Road		30	Harrow	Kenton Road street tree planting linking to Northwick Walk - Queensbury Recreation Ground (coordinate with LB of Brent for tree species)		Patrick Prendergast					£25K - S.106 - Gayton Rd		
	Clifton Road		31	Harrow	Clifton Road street tree planting linking Kenton Recreation Ground - Queensbury Recreation Ground		Patrick Prendergast							
	Honeypot Lane		32	Harrow	Honeypot Lane street tree planting linking Queensbury Recreation Ground - Stanmore Marsh - Canons Park		Patrick Prendergast							
	Masefield Avenue - Chartley Avenue - Gordon Avenue		35	Harrow	Tree lined streets in Masefield Avenue - Chartley Avenue - Gordon Avenue (Gordon Avenue planted but may require few additional trees) to act as gateways to the Green Grid connecting Bentley Priory Open Space to Stanmore Golf Course		Patrick Prendergast							
	Gordon Avenue - The Highway - Kenton Lane - Locket Road - Borrowdale - Belmont Road		36	Harrow	Tree lined streets in Gordon Avenue - The Highway - Kenton Lane - Locket Road - Borrowdale - Belmont Road to act as gateways to the Green Grid connecting Stanmore Golf Course link to Byron Recreation Ground		Patrick Prendergast							
	Carlton Avenue (completed)		38	Harrow	Tree lined street in Carlton Avenue to act as gateways to the Green Grid connecting Kenton Recreation Ground to Kenton Road	completed	Patrick Prendergast							
	Pinner Road (completed)		39	Harrow	Tree lined street in Pinner Road to act as gateways to the Green Gird connecting Harrow Recreation Ground / Town Centre to North Harrow Station and Yeading Walk	completed	Patrick Prendergast							
	Northumberland Road (part) - Station Road - Parkside Way		40	Harrow	Tree lined streets in Northumberland Road (part) - Station Road - Parkside Way to act as gateways to the Green Gird connecting Yeading Walk to Headstone Manor Recreation Ground		Patrick Prendergast							
	Church Avenue / Yeading Walk		41	Harrow	Tree lined street in Church Avenue to act as gateway to the Green Gird connecting Yeading Walk to North Harrow Station. Signage to link to North Harrow Station.		Patrick Prendergast							
	Cannon Lane (part) - Village Way (part)		42	Harrow	Tree lined street in Cannon lane (part) and Village Way (part) to act as gateways to the Green Gird connecting Roxbourne Park Recreation Ground / Roxbourne Rough to Yeading Walk		Patrick Prendergast							
	High Worpel (completed)		43	Harrow	Tree lined street to act as a gateway to the Green Grid connecting Rayners Lane Station to Roxbourne Park Recreation Ground (completed)		Patrick Prendergast
