

## 2011 Census Briefing Note 13: July 2013

Produced by Environment & Enterprise

### AREA PROFILES: BOROUGH & WARDS 2011 CENSUS

This Briefing Note provides a one-page 2011 Census ward profile for each of Harrow's 21 wards and a profile for the borough as a whole.

The information included in these tables is taken from both the 2011 Census Key Statistics and Quick Statistics tables, previously released by the Office for National Statistics (ONS) and reported on in more detail in some of our previous Census Briefing Notes.

Harrow Council, like all London Boroughs, is part of the Greater London Authority's Census Information Scheme and we have worked with the GLA to devise these one-page summary sheets, which contain many of the key 2011 Census facts combined into one table.

This data is also available in the same format for all Lower Super Output Areas (LSOAs) in Harrow, so please contact us if you want any summaries at LSOA level. It may also be possible to produce these summaries at the smaller Output Area (OA) level too.

#### Further Information

*Data produced in the Briefing Note have been reproduced with the permission of the Controller of Her Majesty's Stationery Office and are © Crown Copyright*

*Note: In order to protect against disclosure of personal information, The Office for National Statistics has swapped some records between different geographic areas. Some counts will be affected, particularly small counts at the lowest geographies.*

Data for England & Wales and all the constituent local authorities can be found on the Office for National Statistics website at: <http://www.ons.gov.uk/ons/guide-method/census/2011/index.html> or NOMIS at: <http://www.nomisweb.co.uk/>

See also Harrow's Local Information System (HA Info: Harrow Informed) for electronic versions of Harrow's tables and other graphics <https://harrowinformed.harrow.gov.uk> under Profiles & Maps and Tables view

London-wide data and reports can be found on the GLA's Datastore at: <http://data.london.gov.uk/census/secondrelease>
