

The Harrow Safeguarding Adults' Board Vision

(easy to read version)

"In Harrow adults at risk from harm are safe and helped to make their own decisions and safeguarding is everyone's business"

There are 8 important things that the Harrow Safeguarding Adults Board (LSAB) will be doing:

1. Making sure that everyone says "NO to abuse!"

Say **NO**
to **abuse**

2. Making sure that everyone is given respect and dignity
3. Talking to lots of people living in Harrow so that everyone knows who to call if they are worried about abuse

4. Making sure that service users know who to call if they are worried about abuse

5. Making sure that staff who look after service users do their job well

6. Making sure that service users are helped to stop abuse from happening

7. Supporting service users to talk with the Police - if they want to

8. Speaking with service users to find out if they felt supported after the abuse happened - so that things can be done better for other people
