

Belmont

Harrow Vitality Profiles - Ward Summary

The Harrow Vitality Profiles (HVPs) contain a range of statistics, which build-up a picture of Harrow, its people and the environment at a snapshot in time. The latest edition (2011-13) contains over 100 different indicators, with an enlarged section on the People of Harrow containing data entirely sourced from the 2011 Census.

This ward summary uses the rankings for 90 of the HVP indicators contained in the 2011-13 edition of the Harrow Vitality Profiles at a ward level (data was not available at ward level for the other indicators). It shows which indicators were ranked first, second, third and last in Belmont ward.

This information should be used in conjunction with the full version of the HVPs which every Council Member will be receiving and is also available on the Council's website at:

http://www.harrow.gov.uk/info/200088/statistics_and_census_information/966/vitality_profiles

The HVP report largely follows the same format as the previous three editions, with a map and commentary for each indicator, together with a ward level bar chart, London and National comparisons and rankings, wherever possible.

Rankings (out of 21 wards)

1st

English at Age 11 (% of pupils achieving Key Stage 2 Level 4+)

Progression in English KS1 to KS2 (% of pupils achieving 2 levels of progress in English from KS1 to KS2)

Car Ownership (% of households with at least one car or van)

Pinner South

Harrow Vitality Profiles - Ward Summary

The Harrow Vitality Profiles (HVPs) contain a range of statistics, which build-up a picture of Harrow, its people and the environment at a snapshot in time. The latest edition (2011-13) contains over 100 different indicators, with an enlarged section on the People of Harrow containing data entirely sourced from the 2011 Census.

This ward summary uses the rankings for 90 of the HVP indicators contained in the 2011-13 edition of the Harrow Vitality Profiles at a ward level (data was not available at ward level for the other indicators). It shows which indicators were ranked first, second, third and last in Pinner South ward.

This information should be used in conjunction with the full version of the HVPs which every Council Member will be receiving and is also available on the Council's website at:

http://www.harrow.gov.uk/info/200088/statistics_and_census_information/966/vitality_profiles

The HVP report largely follows the same format as the previous three editions, with a map and commentary for each indicator, together with a ward level bar chart, London and National comparisons and rankings, wherever possible.

Rankings (out of 21 wards)

1st

Higher Qualifications (% aged 16+ with higher qualifications)
