1. Introduction

The Online Provider Portal is a secure website where Harrow early years childcare providers can input and submit the termly headcount funding for funded 2, 3 and 4 year olds. The Portal provides easy access to make funding claims and view payment breakdowns.

This document contains user guidance to help you access the Provider Portal to view, check and submit the following:

- 2 year old funding
- 3 & 4 year old funding
- 30 Hours eligibility check

And also to submit any relevant Online Forms for the service, such as:

- 2 Year Old Funding Eligibility Check
- Leavers Form for Funded Children

Note: Some additional forms will be required outside of the portal, which forms part of the overall claims process; these can be found on the Harrow website.

- Disability Access Fund Form (DAF)
- Send Inclusion Funding Form
- Parent/Carer Declaration Form
- Provider Declaration Form
- Quality Supplement Application Form

Harrow Families Information Service team will:

- Relay any updates in regards to the provider portal at the termly Harrow Early Years Forums.
- Provide a portal guidance document, covering step by step processes to portal usage.
- Provide phone support to all PVI’s, childminders and academies with the operational usage of the system.
- Provide user access to the system (for those who are offering free early years entitlements).
- Undertake termly audits to review submitted data quality and integrity.
- Notify providers of updates/changes to the system accordingly.

Childcare providers should:

- Ensure that accurate information about children attending their setting is submitted by the set dates (see the Key Funding Dates in the Handbook for Early Years Providers).
- Ensure accurate data is submitted.
- Ensure access is only granted to authorised personnel to submit the funding claims and online forms on behalf of the setting.
- Co-operate fully with the audits as and when required by a designated Harrow Council Officer.
Ensure all staff comply with the Data Protection Act 1998 and the General Data Protection Regulations (GDPR) 2018 (see page 23 of the Handbook for Early Years Providers).
Inform all relevant staff about updates or changes to the system.
Comply with relevant legislation and financial requirements.
Deliver the free entitlements to all eligible parents/carers and be clear about any additional services and charges.
Retain any parental consent documentations relating to claims and submissions.
Make parents/carers aware of the Harrow Council Privacy Notice when submitting information.

2. Important Information Before Claiming

Parent/Carer Declaration
As providers, it is your responsibility to:
- Ensure that you have a signed declaration in place for all children that you are making a claim for. If you do not have a signed agreement/contract in place you do not have consent from the parent/carer to make a claim. This form is to be retained by your record.
- Ensure that parents/carers are informed of the notice periods stated in the declaration. It is the responsibility of the provider to ensure that notice periods are agreed with families when a child registers at a setting. These notice periods will not be part of the funding unless the child is in attendance for the whole period.
- View proof of the child's date of birth i.e. copy of birth certificate/passport. We will perform periodic audits to verify that details submitted correspond to claim information held on the portal.

Security
The Provider Portal is a secure system. In order to maintain this; the following guidelines need to be followed:
- Keep your login details secure.
- Do not share your login details with anyone else.
- Remember that the Portal when accessed online is secure; if you chose to print information from the portal or access the portal in a public location you need to take the relevant precautions around GDPR (please see the ICO website).
- Always remember to logout of the Portal system when not in use to prevent inappropriate access to the system and loss of data (the Portal will automatically logout after a prolonged period of inactivity).

Stretched Hours
- It is possible to stretch the funding entitlement over the academic year – however this is a matter for the settings and when submitting a claim please base this on the usual funded 38 weeks. When inputting the attendance for these children you need to 'standardise' the hours and weeks for that term.

For a full and complete guide to the funding process please refer to the Handbook for Early Years Providers on the Harrow website. This will include:
- Number of funded weeks (see the Key Funding Dates in the Handbook for Early Years Providers).
- General Data Protection Regulations (GDPR)
Please read this document before submitting any information, as this will help you understand the process of logging into the Provider Portal and submitting your headcount and supplementary claims correctly.

Please review your register to ensure that you claim for the exact number of children that are entitled to the funding.

If you have any issues accessing the Portal please contact FIS via email fis@harrow.gov.uk or call 020 8901 2690 (option 1).

4. Managing your Login

4.1. Logging in for the first time

This document advises on your responsibility with regards to keeping your data and password safe as well as recommending a password policy being put in place for when there are changes in users.

You can access the portal by clicking into this link Provider Portal or by copying this link (https://www.harrow.gov.uk/FISO/ProviderPortal/login.aspx) into your internet browser. We recommend that you save this as a ‘favourite’ on your internet browser.

This above link will take you to the ‘Sign In’ Screen.

Stage 1:

**Synergy: Sign in**

Enter your username

|  |

Create Account  Next

Stage 2:

**Synergy: Sign in**

Enter your password

|  |

Change User  Forgot Password  Sign In
You will receive an email from FIS with the following information:

- Username and Temporary Password
- Temporary Security Answers

Enter your User Name and Temporary Password in the relevant boxes and select ‘Sign in’.

And you will then be prompted to change your password.

**To change your password**

Please note: that your new password will need to meet the following criteria:

- Cannot be the same as the username
- Must be a minimum of 8 characters in length
- Must contain at least one alphabetic character
- Must contain at least one number
- Must contain a special character (! $ % ^ & *() ; : @ # ~)
- Must contain at least one capital letter (uppercase character)

If you have any problems logging into the system please contact FIS by email fis@harrow.gov.uk or telephone 020 8901 2690 (option 1).
Authentication Questions
For added security on the Provider Portal, ‘Authentication Questions’ have been added. At first login, you will need to reset all three Authentication Questions to personalize these settings, as without these being reset you will not be able to secure the funding access. The temporary questions and answers (which will be set by FIS) will be sent to you via email with your login details. Once you create your answers to the questions, you will be asked to answer a question at random each time you select the Funding tab.

To reset the first question:
1. Select your initials in the top right hand corner
2. Select ‘Place of birth’ (once selected it will be highlighted)
3. Type in your old (current/temporary) answer (if accessing for the first time this will be provided by FIS)
4. Type your new answer and confirmation in the available fields
5. Select Save to complete the change

NOTE: All answers are case sensitive

To change your Authentication Questions, select on the ‘Authentication Questions’ tab.

Once you have selected save the second time, you will see a notification on your screen confirming your new answer was successfully saved.
Select the second authentication question ‘What is your favourite colour’ and repeat the above process. Then follow the same process for the third question ‘What is your mother’s maiden name?’.

Note: If there is an ‘*’ against any of the questions, this means that the Authentication Question has not yet been set.

You can change your authentication questions at any point. In order to do this you will need to edit your user settings. At the top right hand side of the screen select ‘User Name’.

Once selected, the screen will default to display the ‘Change Password’ tab, if you have already changed your password, you do not need to do anything on this screen; then Click on the ‘Authentication Questions’ tab.

4.2. Existing user access

The portal can be found at the following link:
https://www.harrow.gov.uk/FISO/ProviderPortal/login.aspx

In order to access the Provider Portal you will need the following information:

- Username and Password
- Answers to the Security Questions

If you forget your password, you can request for it to be reset it by contacting FIS by email fis@harrow.gov.uk or telephone 020 8901 2690 (option 1).

Please note: the passwords in the portal are case sensitive. If you are locked out of the system you will need to contact FIS for reset.

4.3. New users

Access to the Provider Portal will only be granted at the request of the Setting(s) Manager in writing. Requests should be emailed to fis@harrow.gov.uk

4.4. Inactive users

When staff no longer work at the setting, it is the managers’ responsibility to inform FIS so that their access rights are suspended/removed. Notification should be emailed to fis@harrow.gov.uk

4.5. Managing your password and security authentication answers

If you wish to change your password or the answers to your authentication questions at any time then select the ‘User Name’ at the top right hand side of the screen, and choose ‘Change Password’ and/or ‘Authentication Questions’ tabs to complete the relevant fields and make the required changes.
5. Using the Provider Portal

The Provider Portal has four main menu selections ‘Home’, ‘Forms’, ‘Funding’ and ‘Sufficiency’. Each menu has a number of sub menu options which can be seen underneath the selected menu.

For multiple users (providers managing more than one setting), you will be able to select the relevant setting from the select organisation drop down list. Once you have selected a provider you will be taken to the Home page as above.
5.1. Home Page

Each time you log into the Provider Portal you will be taken straight to the ‘Home’ page. You can also return to this page at any time using the ‘Home’ menu selection at the top of the page.

The home page is where you will see important messages and communications. Examples of these might be when the Provider Portal is open for you to make Headcount Claims, links to the privacy policy and Early Years website, or any key information around funding which may need to be communicated to Harrow Early Years providers. Note that FIS will continue to email out communications as well as having them visible on the Provider Portal.

5.2. Forms Page

All online forms can be found under the ‘Forms’ menu. The first sub menu is ‘Fill In Forms’, where a list of forms are available for completion. The second sub menu is ‘View Forms’, here you can view any submitted forms and check the status.
Please see below for the purpose of the each current form and when they need to be completed:

2 Year Old Funding Eligibility Check
This form can be completed and submitted by your provision to check a child's eligibility under the economic criteria. Please ensure that the parent/carer has read and understood the Privacy Notice. Before you submit any details to Harrow Council, the parent/carer must consent to transferring the child’s information as part of their eligibility check.

Leavers Form for Funded Children
This form only needs to be completed if a child leaves your provision after the headcount deadline or before the end of the term. In some case under the 3 and 4 year old funding; funding adjustments may not be made. The leavers form is still required for audit purposes.

Select the form you require by selecting the required form link.

Each form will have at least two pages, you can select the ‘Next Page’ button that appears on the online form to move from page to page.

All fields with a ‘*’ must be completed in order to submit the form. Once the form is fully completed, select ‘Submit Form’. If the form has been submitted successfully a green message will be displayed stating 'You have successfully submitted the form'.

You can view forms you have previously submitted and check their status by selecting ‘View Forms’ the forms will have a status at the end to say if they are ‘Pending’ or have been ‘Authorised’ or ‘Denied’. Forms are usually ‘Denied’ if they have been submitted more than once/duplicated, a blank form has been submitted or the form has not been completed within the guidelines given in this guidance. You should receive an email to advise of the outcome of your form submission once the FIS team has assessed the request. If there are any problems you will be contacted by FIS.
5.3. Funding Page

This is where you will complete all your headcount claims every term.

Please note: whenever you select the ‘Funding’ Tab you will be asked one of your security questions.

For 2 year old funded children you must only submit funding claims for those eligible children for whom you have seen the current eligibility confirmation such as a valid letter, or email confirmation from FIS. Please refer to ‘The Claim Process’ in the Handbook for Early Years Providers.

If eligibility confirmation has not been received you should complete and submit the ‘2 Year Old Funding Eligibility Check’ form located in the ‘Forms’ tab (use this form to check eligibility under the economic criteria). You must wait for confirmation before submitting a funding claim for that child. If a parent/carer has not received an eligibility letter and the child may be eligible under other eligibility criteria, contact FIS to confirm before making a funding claim.

When selecting Funding, a sub-menu will appear immediately below showing ‘Summary’, ‘Estimates’, ‘Actuals’, ‘Adjustments’ and ‘Eligibility Checker’ options.

Sub-Menu tabs:
Summary, Estimates, Actuals, Adjustments and Eligibility Checker
5.3.1. Summary sub menu

This is where you can view at a glance the funding breakdown, for your setting including your rates per hour, interim amount and adjustments.

To see the summary for any term use ‘Select’ to the left of the required line, this will display a summary for the relevant period. Changes can only be made for the current term until the funding date has closed (please refer to Handbook for Early Years Providers).

Once the funding term has been selected, the Summary screen will appear (see example below).

![Summary Screen Example]

This is where you will be able to see the actuals and estimates relating to the selected term. From here you can select the relevant funding type (see example below).

![Summary Head Count Records Example]

To view a different term or funding type, select ‘CHANGE’. The screen will return to the list of funding terms where you will be able to select an alternative option.
The actuals will relate to all funding that has been approved after being submitted. The provider rate includes a breakdown of the base rate and supplements (click on the arrow to display rates).

The interim payment is based on estimates and will be displayed here.

Once payment has been made, these fields will be populated.

Provider Rate, including supplements (note supplements may not be displayed until approved).

Once payment has been made, these fields will be populated.

Child weightings include EYPP, DAF and IDACI (click on the arrow to display rates).
5.3.2. Estimates sub menu

The interim payment will be based on the estimates provided prior to the start of term. You will need to enter your estimated number of funded hours per week for each term in advance of each term’s start date. Dates to submit your estimates prior to a new term will be included in your funding timetable.

Select the ‘Estimates’ tab and Enter the

- **Number of weeks**: Please do not change
- **Estimated Number of Funded Hours Per Week for the term**: Expected number of funded hours multiply by expected number of funded children per week: e.g. (3 children x 15 hours) + (4 children x 30 hours) = 45 hours + 120 hours. The number of hours to enter on the portal will be 165 hours

As a total for all children that you are expecting to attend your setting that term and select ‘Calculate’. Then select ‘Send Claim’ once you have done this, you will see a notification on your screen confirming that your submission is successful.

Please note: estimates can be viewed, amended and re-submitted whilst the submission dates remain open (see the Key Funding Dates in the Handbook for Early Years Providers). Separate estimates will need to be completed for each funding type (2 year old and 3 and 4 year old).

Once the Estimate submission date has passed, the ‘Estimates’ screen for that term will show a summary of what was submitted.
Note: The interim payment will be approximately 50% of your estimates. **If the estimated submission date is missed, no interim payment will be made.**

### 5.3.3. Actuals

This is where you will need to complete the Headcount Claims for all the children you are claiming funding for each term. Select ‘**Actuals**’ tab, then select the relevant funding type for the term (2 year old and 3 and 4 year old). Within the selected term you will manage children’s records for the headcount for that period.

<table>
<thead>
<tr>
<th>2018-2019</th>
<th>Funding Type</th>
</tr>
</thead>
</table>

Once you ‘**Select**’ the term you will either see ‘**View Actuals**’ or ‘**Submit Actual**’ (discussed in the next section) displayed in orange. Previous terms are displayed as ‘**View Actuals**’, they are available as **view only** and changes cannot be made as the funding submission for the selected term has now closed.

Where **!** icon appears indicates the funding for that term/type has been submitted. If the funding dates are still open you can submit again to send through this claim (and any others with this icon).
5.3.3.1. Understanding Child Record Status

Once you have selected the correct term from the Provider Headcount Records screen you will see the ‘Submit Actual’ screen for the term selected (if you see ‘View Actual’ this indicates that the submission dates are closed).

On this screen you will manage and submit your headcount details. This screen will be pre-populated to display the details of all children who have been transferred from your previous headcount return and are still eligible for funding for the current term.

From this screen you can:
1. Remove child records that are no longer required i.e. child has left setting
2. Add actual attendance hours for your existing child records
3. Check that all the details of the children carried forward from the previous term are correct and change or amend any discrepancies
4. Add new child records to your headcount submission

Each time you add, delete or amend the details of a child record it will be saved in the Provider Portal, and you will able to revisit and make further changes at any time before the current headcount submission closes.

For new children claiming at the setting for the first time

Select ![to delete the child from headcount.](image6) Once deletion is confirmed the child record will be permanently removed.

Once you have been through the process of:

- Deleting those children who are no longer at your setting
- Updated the existing children who are on roll, and
- Adding new children at your setting claiming the funding

Then select the ‘Send Claim’ button to submit your claims.

### 5.3.3.2. Deleting a child record from the headcount

The ‘Submit Actual’ screen will initially show all of your eligible child records that have been carried forward from the previous term.

You must ensure that you delete all children that no longer attend your setting.

To remove a child that is no longer in attendance at your setting, select this symbol button ![by the relevant child record.](image7)
When you request the deletion of a child record this will be submitted to the FIS Team, who will remove the child from your headcount when processing your claim. Once you have done this, a ‘Request Delete’ message will appear. Please select as appropriate.

When you select ‘Yes’, the ‘Status’ of the funding for the child will show ‘Delete Pending, Submitted’. This allows you to easily identify which records will be removed.
If you want to cancel the deleting of this child, select the reverse button on the side of the child’s name.

![Cancel Delete](image)

Are you sure you want to cancel the deletion of child Potter, Beatrix from this headcount record?

Yes  No

The ‘Cancel Delete’ message will appear. Select ‘Yes’ to reverse the delete action.

5.3.3.3. Amending/updating an existing child record

Existing child records carried over from the previous term, will be shown with the status 'Unchanged', you must still edit all records where a status of 'Unchanged' is showing in order to submit a headcount claim for these children. Failure to do this will mean the child will not be funded for the current term.

If you have no existing children appearing please as a new child

All existing child records will be shown with the status 'Unchanged', you must still edit all records where a status of 'Unchanged' is showing in order to submit a headcount claim for these child records.

To amend or update an existing child’s record, select the child’s name; this will open the ‘Child Details’ screen. Most of the information will be pre-populated, however please ensure that you complete or amend all relevant mandatory fields for a child record before you save again and submit.

The screen below will appear with four tabs as follow: ‘Summary’, ‘Child Details’, ‘Parent/Carer Details’, ‘Funding Details’ and ‘Notes’.
**Summary tab:** This is a view only screen which have the funding details for the child.

Parent/Carer Details tab: Complete all section for parents/carers.

- **30H box**: this is mandatory if the child is claiming any extended hours.
- **EYPP box**: if you want us to check if the family is eligible for EYPP

Funding Tab: Complete all sections to advise of funding details. Please note:

- **Start date**: If you have standard term dates that match the pre-set Harrow term dates then select the 'Default Term Dates' button which will then populate the current term dates into these fields.

If a child starts at your setting after the headcount week, then manually enter the dates from when the child starts to the end of the term.

- **End date**: enter the last day for the child in the current school term if they leave part way through the term.

- **Weeks attended in term**: only change the number of weeks that you wish to claim for the child should it be different to the pre-populated number of funded weeks in that term i.e. child starts after headcount week or leaving before end of term.

- **Present during census**: tick this box for all children that you are making a claim for. You can claim for all children that are on roll or physically present at least one day during the headcount week.

- **Attends two days or more**: tick this box if the child attends your setting for more that one day a week. Tick the appropriate days of the week that the child attends at your setting on the right hand side of the screen.

- **Nominated for Disability Access Funding (DAF)**: this must be ‘No’ even if you are claiming DAF for this child, this is for validation purposes. Please complete the DAF form (see [Harrow website](https://www.harrow.gov.uk)) and that you attach a copy of the current DLA letter for the child before you send it by secure email (Egress to FIS). **Please note** that you can only claim DAF once per financial year.
• **Universal hours**: enter the universal hours - ensure that you do not exceed the termly maximum hours. Where the child has been claimed for in the previous term, those hours will already be pre-populated in the current term, therefore, ensure that you amend the number of funded hours that the child is attending in the current term, if different.

If a child is attending your setting and is only accessing the extended hours only, then the universal entitlement field must be entered as ‘0’.

• **Extended hours**: if claiming extended hours enter this field - ensure that you do not exceed the termly maximum hours. **Please ensure that the 30H box on the Parent/Carer tab is ticked.**

• **Non-funded hours per week**: enter any other paid hours that the child attends at your setting.
Select No for ‘Nominated for DAF’, please complete the DAF form which can be found on the Harrow website.

Repeat this process for all existing children from the previous term who are already listed on the Provider Portal but still need to be re-submitted for the current term (if the child is no longer at the setting please delete the child record and submit it).

Please select ‘Send Claim’ button once all existing and new children are saved.

5.3.3.4. Add a new child to your headcount

Go to Funding – ‘Actuals’, select the required funding period. Select ‘Add Child’
If you have no existing children please add them on as a new child
The box below will appear with the following sub heading: Child Details, Parents/Carers Details and Funding Details. Please complete each tab with the information required.

**Complete all mandatory fields marked ‘*’ on all the tabs following the instructions above.**

Note: that Parent/Carer details should be added for EYPP and 30 hours funding.

**Enter the:**
- Child Details,
- Parent/Carer Details (required for 30 hours eligibility code validation and EYPP eligibility checks);
- Funding Details and any;
- Notes if applicable, then Save record

Repeat this process for all new claims for the term.

Please select ‘Send Claim’ button once all existing and new children are saved.
5.3.3.5. Finalising your headcount

Once you have been through the process of:
- Deleting those children who are no longer at your setting
- Updated the existing children who are on roll, and
- Adding new children at your setting claiming the funding

Then select the ‘Send Claim’ button to submit your claims.

A green bar will appear at the top of the screen to confirm the submission was successful.

Please note: The information can be viewed, amended and re-submitted whilst the submission dates remain open for that term (see the Key Funding Dates in [Handbook for Early Years Providers](#)).
Once the Actuals submission date has passed, the ‘Actuals Screen’ for that term will show ‘View Actual’ rather than ‘Submit Actual’ screen.

The ‘View Actual’ screen is the summary of what was submitted for that term. Individual child records can still be viewed, but no further amendments can be made.

Please note: FIS will no longer send out child payment breakdown lists as you will be able to view this on the summary tab for the relevant term.

The final payments will be calculated based on those records which have been submitted for that term. For any adjustment claims after final submission date please email fis@harrow.gov.uk.

5.3.3.6. Providers offering 30 hours Extended Entitlement Funding

Please see section 5.3.5 for information on using the 30 Hours Eligibility Checker prior to adding a child’s extended hours claims.

For those providers offering 30 Hours, you will have access to the following screen which will allow you to enter both Universal and Extended hours.

In order to make a 30 hour claim you must:

- Complete the ‘Parent/Carer Details’ tab
- Complete the ‘Funding Details’ tab
Please ensure that you have completed the information required in this parent/carer section for all 30 hours and EYPP claims. You must complete this section for all 30 hours codes.

Select the ‘Default Term dates’ to populate and enter the number of funded weeks in the box below.

Select the days the child attends.

Enter the 11 digit eligibility code. Then select the ‘30 Hours Free Childcare’ button.

Enter the number of non-funded hours (hours paid for by parent/carer).

Ensure that Universal hours are entered.

Do not select this box. It will be automatically be ticked once the code has been successfully validated.
Once you select the ‘30 Hours Free Childcare’ button, if successful the box below will appear.

The system will be automatically populated with the information relating to the 30 hour code: ‘Validity Start Date’, ‘Validity End Date’ and the Grace period’ for that child.

Repeat this process for every child you wish to claim 30 hour funding for in that term.

If a child is within their grace period the child’s record will be flagged with a yellow exclamation icon. The applicable dates will be displayed in the ‘Eligibility Status’ column and on your headcount page. The revalidation should take place before the Grace Period starts.

5.3.3.7. Early Years Pupil Premium (EYPP)

EYPP information can ONLY be submitted for 3 and 4 year old children if eligible (please refer to the Handbook for Early Years Providers). Details of the benefit claimant must be added on the ‘Parent/Carer Details’ tab. These details will then be used to check their eligibility.
Once EYPP is authorised, the Child record will display EYPP under the ‘Child Weightings’ column (see example below) within the selected funding period. If eligible EYPP 2 will be displayed see Handbook for Early Years Providers for further information.

5.3.4. Adjustments
The online adjustment is currently not available.
For children starting or leaving the setting after the given submission deadlines, for example:
- A child is attending less/more hours
- A child leaves the nursery mid-term
- Starts mid-term, etc.
Please email FIS fis@harrow.gov.uk using the secure email (Egress Switch) for notification of those changes, so that any necessary adjustments to the funding for your setting can be made.

Please email the Authority to request changes to the adjustments.
5.3.5. Eligibility Checker (3 and 4 year old funding - 30 hours funding)

Before offering a 30 hours place to a parent/carer, providers **must** first check that the eligibility code is valid and within the set dates of eligibility for the current term.

To validate the code prior to submitting a funding claim, providers will need the following information:

- Eligibility Code
- Child DOB
- Parent’s National Insurance Number

**The eligibility Code:** this is the 11 digit code issued to parents/carers by the HMRC

- **Code Start Date:** This is the date the parents/carers applied and the code was issued
- **Code End Date:** Parents/Carers deadline for reconfirming their eligibility.

**Please note:** Parents/Carers have to reconfirm their eligibility every three months. They should receive messages about reconfirming their eligibility in the ‘secure messages’ section on their HMRC childcare account or through email/text.

**Grace Period End Date:** This enables parents to retain their childcare for a short period (Grace Periods typically last until the end of term – 31st March / 31st August / 31st December) if they fall out of eligibility. If the parent’s eligibility status has not reverted to ‘eligible’ after this date, then their funding will cease form the following term.

Select the Funding Tab, then Eligibility Checker. Then select on the ’30 Hours Free Childcare’ button

The screen below will appear. Then populate the fields marked ‘*’ as without this the information will not be processed.
Once you select ‘Submit’ you should receive an outcome of whether they are eligible or not.

Please note, a child can not start accessing the extended entitlement for the first time within their grace period (period between the validity end date and grace period end date) regardless if the code has been validated. Further information can be found in the **Handbook for Early Years Providers**.
