

Caring for the Community - Place, People and Partnerships

A. Original Vision and Objectives

1. In 2016 the Grange Farm Steering Group (GFSG) set out its hopes and aspirations for this once in a lifetime redevelopment of their neighbourhood. In addition, the GFSG worked with the Council to develop a draft **Neighbourhood Agreement** to raise the standard of service delivery.

B. A New Vision - Place, People and Partners

2. The lockdown has offered a period of reflection and also a desire to ensure all the goodwill generated is not lost post Covid-19. In this light, the vision has been strengthened under three themes for the redevelopment of the neighbourhood:
 - **PLACE:** A beautiful place where people love to live, work and play.
 - **PEOPLE:** We before Me. Working together for the greater community good.
 - **PARTNERS:** Partnerships that help bring the community together.
3. The Grange Farm vision relates back to the Harrow Ambition Plan 2019:
 - Building a Better Harrow: affordable and quality homes.
 - Supporting Those Most in Need: empower residents to maintain their well-being.
 - Protecting Vital Public Services: education, strong community sector, and safe borough.
 - Delivering a Strong Local Economy for All: improve job and businesses opportunities.
 - Modernising the Council: VFM services, use technology and reduce carbon footprint.
