Proposal T1 - Robina - tree is located on the front boundary of the church just behind the outer wall on Whitchurch Lane - tree is growing extremely close to the wall and has subsequently done damage to the outer wall, bursting the foundations of the wall and is putting pressure on the wall which is leaning out into the pavement - Fell tree before the wall becomes too damaged and replant something else into the churchyard to compensate for the removal of the tree. I have photographs of the damage to the wall which I can send in to the council on request but for some reason the photos are too large for me to upload to the portal
