<p>Reviews <i>(Google Reviews, Tripadvisor reviews, Facebook pages)</i></p>	<p><i>“A wonderful venue for all celebrations, whether it be a wedding event, birthday or anniversary this is one of the best options in London! Really welcoming groundstaff with a clean and safe environment for all your guests. Capacity is around 200-300 and with ample parking on site complimentary for all your guests..” – Google Review</i></p> <p><i>“This venue was an absolute nightmare. I had my wedding reception there and the organisation on their part was really bad. They promised my everything when I first went to see the venue but as time went on they kept asking me for extra charges even though I opted for the whole package. I was told quite a few things last minute which I had to separately organise myself. The security was a joke and they were drinking on duty plus the lifts and the A/C was not functional aswell. I would absolutely not recommend this to as it would ruin your special day.” – Google Review</i></p>

Reviews (Google Reviews, Tripadvisor reviews, Facebook pages)	<p><i>"Commercial Events team at Harrow School have been absolutely amazing in helping me set up the perfect proposal for my fiancée! From the first conversation they were incredibly friendly, helpful and full of ideas of how to make the day as special as possible. Lauren and Victoria thought about every little detail - a backup venue in case the weather turned, what kind of decorations would be best and even being part of the back-story to add to the element of surprise. For anyone looking to organise a special event like a proposal or wedding, you won't go wrong dealing with the team at Harrow! Thank you all so much!"</i> – Testimonial from Harrow Enterprise Website</p>

<p>Reviews <i>(Google Reviews, Tripadvisor reviews, Facebook pages)</i></p>	<p><i>“The hall was pretty great with parking available to the tune of 450 cars according to their website. When going into the hall it reminds you of an upside down boat which has it's own charm. Speakers and projectors were also present although I am unsure if they were provided by the organisers of the event. The only down side I would say we're the chairs as they were flimsy plastic chairs which were pretty uncomfortable to sit on for a long period of time.” – Google Review</i></p> <p><i>“Nice hall for events been there for wedding and Navratri (Garba) and it's been amazing this hall has a parking facility.” – Google Review</i></p>
