Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally. Local authorities do not have to include this introduction and guidance in their locally published report.
2. In 2020 and 2021, we asked far fewer questions than in previous years, asking only for the minimum information required by the Code. This was in response to the pressures on local authorities and others in the light of the Covid-19 pandemic. This year, we have again sought to keep the information requested to the minimum. We have, at the request of the Department for Education, asked a small number of additional questions relating to the impact of the new Code which came into force on 1 September 2021.
3. The new Code also changes the period to be covered by reports to the adjudicator and the deadline for submitting reports to the adjudicator. **This year's report must cover the 2021/2022 academic year and be submitted to the Office of the Schools Adjudicator by 31 October 2022.**

Guidance on completing the template

4. In a departure from previous practice, we have included all the guidance on completing specific parts of the template in this section. We hope that this will be helpful. This is in response to feedback that including guidance and definitions in the body of the template could make the report harder for readers to follow and less accessible. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
6. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admission at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

primary school) **and** admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

b. Not applicable means at questions:

Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 1: B.v. that there were no schools for which the local authority was the admission authority at 1 September 2021.

Section 1: B.vi. that there were no schools in the local authority's area for which the local authority was not the admission authority at 1 September 2021.

Section 2: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 2: C.i. that there were no children falling within the definition.

Section 2: D.iv. that there were no hard to place children referred to the protocol.

7. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
8. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

The schools in Harrow work well and understand the need to admit pupils who are looked after without delay. Occasionally, there may be a delay for particular reasons, but on the whole offers are made quickly and pupils are admitted.

In the past, Harrow Council has had to direct schools in other local authorities to admit looked after children.

- iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

We have seen a number of children arriving from overseas with complex needs. There can be a delay in pupils with complex medical needs and special educational needs accessing suitable education for several reasons. The main reason being lack of information on the pupil's needs. In Harrow, where the young person is unable to access mainstream education and does not have an EHC plan, they are offered Home Tuition and, with consent of parents, an assessment is undertaken quickly. In some cases, while the assessments are taking place after an initial Educational Psychology (EP) assessment, the SENAR service can secure an assessment place at a special school. Where it is deemed appropriate for the pupil to attend a mainstream school the school offered will be advised to access support and advice from the EP service. Each application is considered individually and access to provision is agreed with parental consent.

- iv. If you wish, please provide any comments about **in-year admissions** in respect of other children:

D. Fair access protocol

- Yes for secondary

- Not at all well

v. Please provide any comments you wish on the protocol not covered above. It would be particularly helpful to have any comments on the impact of the Code changes on the operation of the FAP in your area and the ability to secure places for vulnerable children:
