Harrow FILM SERVICE

We really are geared toward making filming in Harrow an easy and seamless experience.

“ We had an incredibly successful two days shoot in Harrow and I can hands down equate this to the support we had from the team at the Harrow Film Service. ”

Daniel Spencer,
Producer,
Curveball Media

“ Working with Harrow Film Office was an absolute pleasure. We wanted to take over the Civic Centre for a couple of weeks in all the main public areas and they could not have been more helpful. The team were amazing and really pulled out the stops to make our shoot as smooth as possible arranging large amounts of parking to help enable our filming. Harrow Film Office are film friendly and it shows. It was a great experience being there and they were hugely supportive of our shoot. ”

“Working with the team at the Harrow Film Office was a total pleasure from start to finish. They worked out of hours to arrange filming and parking permits at very short notice. Unlike some councils, they were always easy to get in touch with and worked tirelessly to help in whatever way they could. I would thoroughly recommend choosing Harrow as a location again based almost exclusively on my experience working with the Harrow Film Office.”

Lucy Gaymer,
Production Coordinator,

“We recently filmed an advert in Harrow Town centre and the Harrow Film Office were brilliant. They were very accommodating with all of our needs given that we had particularly involved scenes in a car park, a high street, alleyways but all went to plan. I look forward to working with the Harrow team again.”

“ I have found the Harrow Film Service to be friendly, prompt and efficient to deal with and would have no hesitation in recommending their services to my contemporaries. On a recent project I was given a very short lead-in time to come up with options to satisfy a brief and Harrow Film Office were great. ”
