Dear Madam

Examination of the Harrow Local Plan 2021-2041: Response to Inspector's second letter to the Council dated 24 April 2025 (LBH/ED4)

I refer to the Inspector's letter to the Council dated 24 April 2025 (LBH/ED4).

As requested, please find attached an updated schedule of proposed modifications (CSD11A) that has been amended to take into account the matters raised in the Inspector's letter in relation to 'main' and 'additional' modifications.

By way of update in relation to further statements of common ground (SoCGs) in addition to those submitted with the plan, we have recently agreed a statement with the Environment Agency and this will be added to the Examination Library / provided to the Programme Officer shortly. Significant progress has been made on the three remaining statements (Historic England, Transport for London, and the Mayor of London / Greater London Authority) but not finalised within the original timeframes advised. As noted previously, we would propose updating the schedule of modifications (CSD11A) to reflect any changes arising from the agreed SoCGs at the same time they are all provided to the Inspector (i.e. a single update).

We further advise that the Statement of Common Ground with neighbouring boroughs has been signed by LB Hillingdon and will be added to the Examination Library / provided to the Programme Officer shortly. This statement did not include any proposed amendments.

Should you require any further information at this stage, please do not hesitate to contact me.

Yours sincerely
