Monitoring Housing Development

Monitoring of housing development is carried out on a regular basis by Planning Services and these schedules are produced as part of the wider housing monitoring process being undertaken in the Division. The last schedule produced was in 2020/21.

Local authorities are required to:

- Undertake regular Urban Capacity Studies. Harrow participated in the Greater London Authority's 2017 Strategic Housing Land Availability Assessment (SHLAA), which was published in November 2017
- Identify and update annually a supply of specific deliverable sites sufficient to provide five year's worth of housing against their housing requirements with an additional buffer of 5% (National Planning Policy Framework, MHCLG)
- Identify a supply of specific, developable sites or broad locations for growth, for years 6-10 and, where possible, for years 11-15 (National Planning Policy Framework, MHCLG)
- Complete annual returns on Housing Flows to MHCLG (Ministry of Housing, Communities & Local Government) via the Mayor's Planning London Datahub
- Monitor the supply of affordable homes

Harrow continues to provide information on all housing developments to the Greater London Authority (GLA), via the Planning London Datahub and for use in demographic projections. In addition the Council monitors housing development as part of the implementation of the London Plan and the Harrow Core Strategy (adopted in February 2012), helping to monitor and review housing policies. This information assists in the monitoring of Housing Capacity Studies/SHLAA and the Authority's Monitoring Report. The information also informs the monitoring and implementation of various council strategies, including the Housing Strategy. Information on the number, type and size of units provided is included, as well as the number of affordable housing units in each scheme.

As part of the Council's continued commitment to partnership working, landowners and developers are invited, from time to time, to verify information contained on individual sites.

Housing schemes are monitored from the granting of permission through to completion of the development or expiry of permission. These schedules show the information monitored on housing developments collected for the aforementioned purposes. All housing developments are included - new build developments, conversions, changes of use to and from residential, and loss of residential through demolition. Communal residential premises are also monitored - these include care homes, hostels and bed & breakfast/guest house establishments (if used by the Council as temporary housing for the homeless), but not hotels, clinics or hospitals for short-stay visits. Co-living units and shared living schemes are counted as C3 units, but with a ratio of 1:1.8 following the GLA's policy for co-living units.

Prior Approvals for change of use from office to residential

On 30th May 2013 a new amendment to the General Permitted Development Order (GPDO) came into force, for a temporary period of three years, which changed Permitted Development (PD) rights to allow changes of use from Class B1(a) office to Class C3 residential without the need for planning permission. Prior Approvals in the following categories have been included in these Housing Monitoring Schedules: granted; not required; and no objections.

Prior Approvals do not require the proposed residential development to meet any design standards or space standards and do not often provide any financial support towards the local infrastructure. Other aspects of development which may be associated with a change of use, such as alterations to facades, extensions etc. will continue to require planning permission.

When first introduced all changes of use to new homes permitted via the Prior Approval route had to be completed and occupied by 30th May 2016. However, in October 2015 the Government announced changes to the legislation to make these permitted development rights permanent and to extend them to include the demolition of existing offices and rebuilding for residential dwellings (rather than just the conversion of the existing building). On 6th April 2016 the permitted development rights to allow changes of use from office to residential without the need for planning permission were made permanent.

A separate report entitled 'Prior Approval for Change of Use from Office to Residential' is produced by Planning Research on a half-yearly basis, giving a full analysis of these approvals, but some summary statistics appear on Pages 5 & 6.

Affordable Units

The affordable units listed in the schedules that follow are all gross figures (i.e. they do not take account of any losses of affordable stock which may occur as part of a development).

Overview of Residential Development (April 2021 – March 2022)

The attached schedules are the latest residential monitoring schedules and have been updated to the end of March 2022:

- Schedule 1 New build sites with planning permission and not under construction
- Schedule 2 New build sites under construction
- Schedule 3 New build sites where the principle of development has been accepted
- Schedule 4 Allocated sites in the Site Allocations Local Plan, the Harrow and Wealdstone Area Action Plan, as well as Regeneration sites
- Schedule 5 Conversions/changes of use with planning permission, not yet started
- Schedule 6 Conversions/changes of use currently being implemented
- Schedule 7 Developments completed between 1st April 2021 and 31st March 2022
- Schedule 8 Permissions that have lapsed since 1st April 2021 (Note: Due to the effects of the global Coronavirus pandemic, planning law was temporarily changed. Planning Permission that would or had expired between 19 August 2020 and 31 December 2020 was automatically extended until 1 May 2021. Planning permission that expired between 23 March 2020 and 18 August 2020 required an application for Additional Environmental Approval. If granted, planning permission was extended until 1 May 2021.
- Schedule 9 Other types of residential use

The totals below show the net number of residential self-contained units in the housing pipeline shown in Schedules 1, 2, 3, 5 & 6. These figures include new build, conversions and changes of use. These totals do not include the sites listed in Schedule 4, because many are capable of supporting different uses, or mixed use. Any new development achieved on these sites may differ substantially from current estimates (and some sites may not actually include

any residential element, when the site is eventually developed). Residential development occurring on such sites will therefore need to be added to the figures below.

The current schedules identify:

- 341 sites for residential development (333 in 2020/21)
- A potential net gain of 5,547 units, 6,113 gross (5,552 net, 6,115 gross in 2020/21)
- A total combined site area of 49.62 hectares

Conversions and changes of use are included in the totals above, accounting for:

- 184 sites (188 in 2021/22)
- 652 net units, 803 gross (763 net units, 912 gross in 2020/21)
- 7.37 hectares

From 1st April 2021 to 31st March 2022 the following residential development was completed:

- 84 sites (89 sites in 2020/21)
- 513 net units, 582 gross (770 net units, 847 gross in 2020/21)
- 4.81 hectares

Partially Completed Developments

Total completion figures (above) include completions on sites where the development is being completed over one or more years. In the year 01/04/21 to 31/03/22 sites partially completed were:

- Kodak East, Phase D7: 78 units were completed in 2019/20; a further 78 units in 2020/21 and 124 units in 2021/22, out of a total 460 units. 180 units still under construction.
- Kodak West, Harrow View: This development was fully completed in 2021/22

Co-living and Shared Living Schemes

The following co-living units and shared living schemes are counted as C3 units in these monitoring schedules, but with a ratio of 1:1.8 following the GLA's policy for co-living units:

- North side car park, Greenhill Way (P/1257/20). Permission for 89 co-living units, but counted as 49 gross C3 units (Schedule 1)
- 116 College Road, Harrow (P/2436/19). Permission for 28 room shared accommodation in additional 4th & 5th floors. Counted as 16 gross C3 units (Schedule 1)
- 33-39 Lowlands Road (P/1656/20). Permission for 104 co-living units, but counted as 58 gross C3 units (Schedule 2)
- Trinity House, 326 Station Road, Harrow (P2279/19). Permission for change of use of 1st floor from D1 to 21 room HMO shared accommodation and creation of 3rd & 4th floors; creation of 3rd and 4th floors comprising of 13 x room HMO shared accommodation (SG) to 3rd floor and resident's amenity space to 4th floor. 34 s/c units in total, but 19 units count toward the Mayor of London's C3 housing targets (Schedule 2)
- 55-59 Palmerston Road (The Collective) (P/2555/18). Permission for 222 co-living units, but counted as 123 gross C3 units (Schedule 7 - completed in 2021/22)

- 198-200 Northolt Road, South Harrow. Application (P/2431/21 subject to legal agreement) for 20 units in shared living accommodation in an additional floor. Counted as 11 gross C3 units. (Schedule 3)
- 190-194 Northolt Road, South Harrow. Application (P/2515/21 subject to legal agreement) for 16 shared accommodation units in two additional floors. Counted as 9 gross additional C3 units. (Schedule 3)
