## 1. Introduction

#### **Purpose of District Centre Profiles**

This guide has been produced by The London Borough of Harrow to support businesses looking to locate and invest within Harrow's town centres. It contains intelligence and data relevant for doing business locally together with information on other resources available for support and guidance.

The Council is committed to working with businesses and to collaborate closely with our business community. The Council offers wide-ranging business focused initiatives and has adopted an ambitious regeneration and investment strategy. The Harrow Economic Strategy 2023- 2026<sup>1</sup> further outlines the key priorities and programmes to develop a thriving and sustainable local economy.

#### **London Borough of Harrow**

We believe Harrow is a unique and great place to live and work and we know attracting businesses to invest in the area is key to a thriving local economy. It is ideally located in London and one of the top 10% most densely populated local authority areas in England. Harrow has a population of 261,203 (c.3% of London population) residing in c. 89,642 households, and a population density of 5,175.4 persons per sq.km (London 5,597.6 persons per sq.km).

Harrow is one of the safest boroughs in London, one of the most diverse in the country and with eight Green Flag awards, our parks are among the best green and open spaces. The borough is within easy access and well connected by public transport to Heathrow airport hub and the City of London.

In addition to the Harrow Town Centre, the London Borough of Harrow has fourteen town centres of which nine are classified as District Centres. Together, they provide significant business opportunities, jobs for local residents and serve social and community needs.

### 11. Wealdstone Trader's Association

At present Wealdstone does not have a Traders Association. Businesses who would like to join a trader's group in future, should contact <a href="mailto:EDO@harrow.gov.uk">EDO@harrow.gov.uk</a> to register their interest.

Harrow's trader's groups are independent associations that bring together local traders and businesses across the borough to support their communities and enhance the local trading environment. These groups work in partnership with Harrow Council to deliver improvements and activities that benefit both businesses and residents in their respective areas.

We currently have active trader's groups operating in eight areas across Harrow: Belmont Circle, Edgware, Kenton, Pinner Road West, South Harrow, Stanmore, Station Road, Streatfield Road, North Harrow and Sudbury Hill. Each group focuses on the specific needs and opportunities within their local area.

Our traders' groups have successfully delivered a range of community-focused initiatives that enhance the local business environment. Some of our groups have organised festive lighting displays for Diwali and Christmas celebrations, bringing communities together whilst supporting local trade. Other groups have also collaborated with Harrow Council through match funding arrangements to deliver hanging baskets that beautify their high streets and create more attractive shopping environments. We understand the importance of joint working with Harrow Council to deliver improvements in our areas, whether through street cleaning initiatives, accessing funding opportunities, or supporting community groups that enhance the local area for everyone.

Throughout the year, our groups engage in various community activities including litter picking events that help maintain clean and welcoming high streets and celebrating significant occasions such as coronations. These activities demonstrate our commitment to being active participants in our local communities whilst supporting the business environment.
