

Harrow Local Plan 2021–2041: Main Modifications Consultation Representation Form

**Please return your representation to the Planning Policy Team by:
12:01pm on Tuesday 23 December 2025**

About this consultation

The London Borough of Harrow is consulting on the proposed Main Modifications to the Harrow Local Plan 2021–2041. These are changes the independent Planning Inspector examining the draft plan has identified as being necessary to make the Plan sound and legally compliant. This consultation is not a repeat of earlier consultations, and it is not an opportunity to comment on parts of the Plan that are not proposed to be modified.

Comments are therefore only invited on:

- the published Schedule of Main Modifications,
- any related changes to the updated Policies Map / Atlas of Change, which are limited to those needed to give effect to the Main Modifications, and
- the updated Integrated Impact Assessment (including Sustainability Appraisal and Habitats Regulations Assessment) and Non-Technical Summary.

All representations made on these documents will be sent to the Inspector for consideration.

What to consider when making a representation

When you comment at this stage, please focus on whether the specific modification you are commenting on would make the Plan:

1. Legally compliant

Has the modification and any related material been prepared and consulted on in line with the legal requirements?

2. Sound

If you think the modification would leave the Plan unsound tell us which test it fails:

- (a) positively prepared,
- (b) justified,
- (c) effective,
- (d) consistent with national policy.

3. What appropriate change is needed

If you think the wording should be different set out the precise change you want the Inspector to recommend.

Please do not use this form to raise new site proposals or to revisit objections to parts of the submitted Plan that are not proposed for modification.

Alongside the Main Modifications the Council is also publishing a schedule of Additional Modifications. These are changes that taken together the Council considers do not materially affect the Plan and which it can therefore make when the Plan is adopted. These Additional Modifications are not required to make the Plan sound, and they do not form part of the formal examination. Should you wish to make any comments on the Additional Modifications, these will be considered by the Council rather than the Inspector.

Your comments

Please set out clearly why the MM, map change or updated IIA is or is not legally compliant and/or sound. Say if your view is based on the wording, evidence, or how it will work in practice. Continue on a separate sheet if needed.

Paragon Developments Ltd supports the proposed changes to Policy GR10 as they provide greater clarity and flexibility for the delivery of small site housing, which is essential to meeting Harrow's housing targets. The revised wording aligns with National Planning Policy Framework (NPPF 2024, paragraph 73) and London Plan Policy H2, both of which recognise the important role of small and medium-sized sites in addressing housing needs and enabling quicker delivery of homes.

The modification acknowledges that suburban character will evolve over time and that gentle densification is necessary to respond to housing pressures. This approach is positively prepared and justified, as it balances the need for new homes with the protection of local character and amenity. It also reflects evidence from the Small Sites

Capacity Study (2022) and supports the development of design codes to provide certainty for applicants and decision-makers.

By encouraging development in sustainable locations and requiring high-quality design, the modification ensures consistency with national policy and effectiveness in implementation. It will help unlock constrained sites such as garage courts and backland plots, which are often underutilised, while safeguarding residential amenity and biodiversity through appropriate design standards.

Part B Continued.....
