

Help finding second hand furniture

Your council home will be unfurnished when you move in and if you are setting up home for the first time, we understand that buying furniture is probably one of the biggest costs you'll have.

Here are some suggestions where you can go to get hold of second hand furniture and white goods for your home.

Find and visit a furniture project

The [Furniture Re-use Network](http://www.frn.org.uk) – www.frn.org.uk lists local used furniture projects near you, once you put in your location.

Buy online

There's a whole community out there making it really easy to buy items, you can try popular sites: [Ebay](http://www.ebay.co.uk) – www.ebay.co.uk , [Gumtree](http://www.gumtree.com) – www.gumtree.com and [Preloved](http://www.preloved.co.uk) – www.preloved.co.uk or find another online community you trust.

Charity shops

You can buy furniture from charity shops which is often in good condition. The prices vary according to size and quality and they stock a wide range of items. Some shops provide a guarantee and those selling electrical items will have carried out appropriate safety checks.

St Luke's Hospice (Electrical shop)

433-435 High Road

Harrow Weald

Harrow

HA3 6EJ

020 8861 0883
